# CARO Workshop 2015: Call for Abstracts

The 8th annual CARO Workshop will be held on the 11th and 12th of May, 2015 at the Hotel Hafen Hamburg in Hamburg, Germany.
This year's theme is

"Digital Judo: Fighting back."

CARO and the CARO Workshop was founded on the principle of exchanging information with trusted partners. This year, we are seeking presentations with ideas that go beyond detecting and investigating malware and crime. How do we use our opponent's strength against them? What more can we do in the defense of users? **How do we fight back?**

Topics

Topics can include:
- Sinkholing
- Honeypots and Honeynets
- Infiltration
- Ethics and Legality of active countermeasures
- Working with Law Enforcement
- Manipulating C&C Traffic
- Combative security models
- Whitelisting and behaviour-based detection

There will be approximately 14 full presentations, each 45 minutes long. There is no obligation to submit a final paper or the presentation slides, but if the authors wish to, the papers and presentation will be posted on the CARO Workshop site.

Submission Details

Extended abstracts are due on Sunday the ~~11th of January~~ **21st of February**, 2015 on the web page: http://2015.caro.org/submission
Abstracts should be between 200 and 500 words in length and should be detailed enough to judge the content of the final presentation. Please indicate on the submission form if you will be doing a demo that requires Internet access. If accepted, at least one author must be registered to speak as we will not accept proxies.
The sessions are *closed to the media* and there is a *strict no recording policy* enforced. The organizers reserve the right to reject participants and speakers if their affiliation cannot be verified as trustworthy. You can *not* register at the door. You must be registered and confirmed in advanced. The workshop is co-located with the CorrelateIT 2015 Workshop which follows on May 13.
